An individual begins providing authorized services for an eligible recipient, on August 12, 2012. The individual successfully completes all of the enrollment requirements and is enrolled as a provider by the county on December 22, 2012.

However, retroactive payment from the IHSS program could only be made for services provided 90 calendar days back from the date that he/she completed the enrollment requirements, which would be September 22, 2012. be kept confidential; however, if public documents, including but not limited to court records, are used to establish that an arrest resulted in a conviction for a disqualifying crime, such documentation may be shared with the other county(ies) so that the other county(ies) have information necessary to fulfill the requirement to provide notice to recipients receiving services from the disqualified individual in that county(ies).
